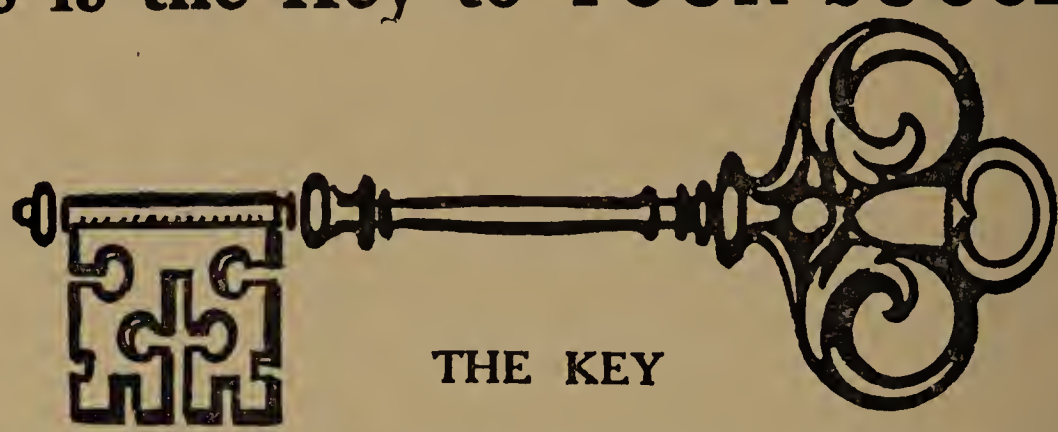
This Is the Key to YOUR SUCCESS!



Will You Accept This as a Dollar?
Yes, of Course.

It may be the turning point toward success in your life and bring you thousands!

THE KEY

R. U. Drifting With the Tide of Circumstances?

Come and have a reading and foresee coming events. Know how to act in business changes, love, friendship, marriage, divorce. Card, Palm, Horoscope, CRYSTAL READING. Can Read for you by mail. Send lock of hair; distance means nothing to me. BORN WITH VEIL, NATURAL CLAIRVOYANT AND SEER. I bring back lost articles and friends. Brought back bank book and money to Susie Fickel, 1 Friend Street Terrace, City; was gone four weeks, came back on day I said it would; later brought back ear-rings for same lady. Miss E. Pelletier, Peabody, Mass. called to locate a friend. I called his name at once. I have extension of vision. I never fail to give satisfaction.

A gentleman, who came in to have a horoscope reading, told me that he had accomplished more in one year of directed living than in the other thirty-eight years of his life put together.

This is how it happened, he is a bicycle racer and found in his horoscope that white and pink were his lucky colors. On looking back he found that he had never lost a race when he wore a white sweater, and when he wore blue or red he always lost—not knowing why he called it luck. (There is no such a thing as luck.) Shakespeare, long ago, said, "There is nothing good or bad but thinking makes it so."

My instructions have cost me thousands of dollars. I have had instructions from the biggest minds we have.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, it would interest you, would it not?

THE DIRECTORY

is where people look for you when they want to do business. You should make it easy for them to find you by putting such information as the buyer wants in the Directory, properly indexed under all the headings where he might look for you.

To be properly registered costs less than to be left out.

CROWLEY & LUNT'S
City of Beverly
STREET AND HOUSE DIRECTORY

1924

Giving the location of the streets, places, parks, etc., and showing what other streets and places run from them or across them, with the point at which they intersect. The system adopted for numbering the streets of the city is that a person starting at the beginning of any street and following along with the numbers, every even number will be on the left and every odd number on the right†, with the names of heads of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers. The dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no number, and also to designate railroad crossings and bridges, parks, etc.

When there is more than one family in a house, the down-stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; r., rear; rep. repairing; smr., summer; s. r., summer resident; var., variety; etc., etc. Houses having erroneous numbers are sometimes enclosed in parentheses (—).

*Indicates telephones.
†Exceptions to this rule occur occasionally.

CITY OF BEVERLY

BUSINESS DIRECTORY

1924

Beverly, clean, healthful and beautifully located on the North Shore, with seven miles of the most charming views to be found on this continent, recommends itself to all classes of manufacturers and business men on account of its first-class rail and water facilities and equitable freight rates to all shipping points. Its most significant growth proves it to be the coming city of this part of the Massachusetts coast. With a valuation of nearly $40,000,000, within its limits are scores of millionaires' and multi-millionaires' palaces. The manufacturing industries comprise shoes, machinery, oil, oiled clothing, foundries, mattresses, planing mills, wood and paper boxes, grain elevators, electric works, etc. The shoe industry, established more than a century ago, pays over one million dollars per year in wages.

The United Shoe Machinery Company, occupying one of the largest reinforced concrete factory plants in the world and employing 5,000 mechanics, pays a wage of over one and one-half millions per year. The Gulf Refining Company has its New England terminal here and docks its fine steamships running from Port Arthur, Texas. Spur tracks of the Boston & Maine Railroad connect with all the wharves. Population of Beverly, 1924, estimated about 27,000. Eighteen miles from Boston on the Boston & Maine Railroad. Eastern Mass. Street Railway connections to all nearby points. Superior harbor. Four banks. Daily newspaper. Excellent fire department. Good sewers. Well-lighted streets. First-class public schools. Good hotels and theatres. Public school playgrounds costing over $40,000. Modern bath house at Oceanside Park.

NOTE:—It has been found essential (as a general rule) to insert names of firms under the ONE heading only which best represents them, except in the case of patrons, when extra insertions are sometimes made.

***Patrons' insertions only under this heading.**

Directory Users

This directory is often of highest value to you, the information you get out of it is sometimes indispensible. Please remember that without the co-operation of the advertisers in this book you would be wholly deprived of the use of it.

All we Ask of You

Too many of us are afraid we will get ourselves under an obligation to buy, or something, when we speak of seeing advertising, especially general advertising like that in a directory, but this is a mistake.
